## Home page

- When you first open the website, the Home page first appears. This page contains a welcome message and a hyperlink that takes you to the repository on GitHub of which this project can be found
- There is a nav bar at the top of the web page that remains stationary throughout the use of the web app, the nav bar is a tool used for you to navigate through the different webpages on this website.
- If you click on Semesters or Modules in the nav bar, you will be prompted to login.

## Login Page

- On this Login page, you can enter your email and password that you have registered an account with on this website, and click on Login.
- If you do not have an account, you can click on the link "Register as a new user", or the Register link at the top right of the webpage.
- If you have forgotten your password, you can click on "Forgot your password?" to reset your password.

## Register Page

StudyTimeManager Home Privacy Semesters Modules Register Login

### Register

**Create a new account.**

Email

Password

Confirm password

[Register](#)

**Use another service to register.**

There are no external authentication services configured. See this [article about setting up this ASP.NET application to support login by an external service.](#)

- On the Register page, all you have to do is enter your email address, your password twice and click on Register. You will then confirm your account registration and then you will be able to login.

## Semesters Page

### Index

[Create New](#)

semesterName	noOfWeeks	startDate	studentID	
Semester1	15	01 Jan 2022	1c0b7a08-1af0-4cc7-a16e-b31abb4d16be	<a href="#">Edit</a>   <a href="#">Details</a>   <a href="#">Delete</a>

On the Semesters Page you may:

- View all of the semesters that you have added to the database.
- Add semesters by clicking on the “Create New” link
- Edit the semester of your choice by the clicking “Edit” link
- View details of the semester of your choice by the clicking “Details” link
- Delete the semester of your choice by the clicking “Delete” link

## Create Semester Page

- On this webpage, you have to enter the name of your semester, the number of weeks (as an integer value), select a start date, and click on the Create button to add the semester to the database.
- You can navigate back to the Semesters page by clicking on the “Back to List” link.

## Modules Page

hoursWorked	code	name	noOfCredits	classHoursPerWeek	remaininghours	selfStudyHours	semNoOfWeeks	
0	PROG6212	Programming	15	4	90	6	15	<a href="#">Hours Spent Working</a>   <a href="#">Select Work Day</a>   <a href="#">Delete</a>
0	ADD87311	Advanced Databases	15	3	105	7	15	<a href="#">Hours Spent Working</a>   <a href="#">Select Work Day</a>   <a href="#">Delete</a>

On this webpage you can:

- View all the modules that you have added to the database.
- Add modules by clicking on the “Create New” link.
- Add the hours you have spent working on a module by clicking on the “Hours Spent Working” link.
- Select the day you want to work on a module by clicking the “Select Work Day” link.
- Delete a module by clicking on the “Delete” button.

## Create Module Page

The screenshot shows the 'Create Module' page of the StudyTimeManager application. The page has a pink header bar with the application name 'StudyTimeManager' and navigation links 'Home', 'Privacy', 'Semesters', and 'Modules'. On the right side of the header, it says 'Hello admin@login.com!' and a 'Logout' link. The main content area has a blue-to-pink gradient background. On the left, there is a 'Create Module' section with five input fields labeled 'code', 'name', 'noOfCredits', 'classHoursPerWeek', and 'semNoOfWeeks'. Below these fields is a blue 'Create' button and a blue link labeled 'Back to List'.

- On this webpage, you can add a module to the database by entering the module code, name, number of credits, the class hour per week, the number of weeks for the semester and click on the Create button.
- You can navigate back to the Modules page by clicking on the “Back to List” link.

## Hours Spent Working On Module Page

StudyTimeManager Home Privacy Semesters Modules Hello admin@login.com! Logout

### Hours Spent Working On Module

Enter hours worked:

hoursWorked  
0

code  
PROG6212

name  
Programming

noOfCredits  
15

classHoursPerWeek  
4

remaininghours  
90

- When you have spent time working on a module, you can enter the amount of hours and click on the Save button at the bottom of this webpage to save the hours spent on the module, for example, I want to add hours to the Programming module, I will click here:
